California Post-Baccalaureate (CalPOST-BAC) Program

Advisory Committee Roles and Responsibilities

The California Post-Baccalaureate (CalPOST-BAC) program is a continuation of the Office of Statewide Health Planning and Development's (OSHPD) strategy to retain exceptional students from under-represented minority (URM) backgrounds in the medical profession career pipeline. The CalPOST-BAC Advisory Committee advises OSHPD on aspects related to developing programs which aid in the recruitment and retention of URM students in health professional training. This effort also aims to increase the number of medical professionals in underserved areas.

Responsibilities will include advisement on stakeholder engagement processes for the implementation of activities related to CalPOST-BAC and advisement on the collection of data / outcomes pertaining to CalPOST-BAC

The CalPOST-BAC Advisory Committee is also encouraged to share feedback from stakeholders at meetings and share activities with constituents. The commitment for CalPOST-BAC Advisory Committee members will be for one year or until December 2016. If you have any questions, please contact:

Daniel Alvarado*Program Administrator*
