	Extension year four	\$ 2,500.00	\$ 2,500.00	\$ 5,000.00

Service years and award amounts for full-time/half-time initial and extension grants may vary from year to year; the amounts are subject to change based upon federal requirements. If awarded, an applicant may receive **up to \$50,000.00**.

Each site is *required to match the awarded grant*, on a dollar for dollar basis, up to \$25,000 per provider. The award amount may vary due to the amount of provider's debt. **The provider will need to consult with his/her practice site to determine if the site will provide the matching award.**
