This is in accordance with AB 1672, which requires each licensed hospital to submit pricing information to OSHPD regarding an estimate of the percentage of increase in the hospital's gross revenue.

Shown below is the information requested regarding price changes since the previous chargemaster filing in 2018:

A 3% and 20% increase in Inpatient and Outpatient charges, respectively, was effective on 01/01/2019, excluding send out Lab charges. Based on our Inpatient and Outpatient service mix, the effect of the increases yields an overall blended charge increase of 10%.
