

# OSHPD Pre-Approval Index

The use of the Pre-Approvals listed below, now designated as "OPA" numbers are valid for projects submitted to OSHPD prior to November 1, 2002. Either the manufacturer or the listed engineer must be contacted for copies of the Pre-Approval for your use. Copies of the Pre-Approval details must be on the job site prior to starting the installation of the component or system.

Specifying Pre-Approved systems does not preempt the Building Permit process. Contract documents shall be submitted to OSHPD for review and approval and issuance of a Building Permit prior to construction occurring.

OPA #	Product Description	Company	Company Phone	Firm	Consultant Phone	Last Approved
