1. WET PECE Grant Program Introduction
2. Grant Program Elements
3. Grant Application Basics
4. Grant Application Evaluation Criteria
5. Annual Report
6. Key Dates
7. Final Questions

WET PECE Grant Program Purpose

To increase the supply of psychiatrists and psychiatric mental health nurse practitioners (PMHNPs) trained to work in the local public mental health system (PMHS).

The Public Mental Health System (PMHS)

- The PMHS is publicly-funded mental health programs/services and entities administered, in whole or in part, by state departments or counties.
- Entities may include public and/or community-based organizations (CBOs) and institutions.
- It *does not* include programs and/or services administered, in whole or in part by federal, state, county, or private correctional entities or programs, or services provided in correctional facilities.

Reference: *Title 9, CCR, Section 3200.253.*

Questions?

Grant Program Elements

Wes Salter, Associate Government Program
Administrator, Grants Management Section, HWDD,
OSHDP

Grant Program Elements: Funding

- Up to \$18 million is available to fund both psychiatry residency and PMHNP training programs.
- The allocation of funds to each discipline will depend on application evaluation scores and geographic coverage across California.

Grant Program Elements: Awards

- OSHPD may award full, partial, or no funding to an applicant based on the applicant's evaluation score and the amount of available funds.

Grant Program Elements: Use of Funds

- **New Programs:** funds are intended to be used to obtain American Council for Graduate Medical Accreditation (ACGME) accreditation
- **Program Expansion:** funds are intended to support for operational costs associated with admission of additional residents, with first year of activity focused on obtaining ACGME permanent approval of additional slots, developing the expanded program, and recruiting faculty, rotation sites, and residents.
- Grantees may not use OSHPD funds to supplant funds the grantee has received from another source for the same purpose.

Grant Program Elements: New Programs

- New Program funding is for entities establishing new programs to obtain ACGME by June 30, 2023.
- The grant period for new psychiatry residency programs to obtain ACGME accreditation is three years.
- OSHPD will require proof of permanent accreditation for the new program and receipt of the final Program Report as conditions for releasing grant funds.

Grant Program Elements: Program Expansion

- The grant period for Psychiatry Residency Program Expansion is five years.
- The first year of the grant may be dedicated to developing the expansion, including but not limited to securing ACGME permanent approval of additional slots, hiring faculty, and recruiting new psychiatry residents.
- OSHPD will require proof of accreditation for new psychiatry residency slots before funds can be spent on residency training operations.

Questions?

Grant Application

Anne Powell, Health Program Specialist I
Policy Section, HWDD, OSHPD

Grant Application

- Online application:
https://oshpd.sjc1.qualtrics.com/jfe/form/SV_8cROe7XGsJoj2LP.
- A PDF version of the application is available at
<https://oshpd.ca.gov/loans-scholarships-grants/grants/wet/>.
- We highly recommend reviewing this document in advance of starting the online application.
- Applicants seeking support for both psychiatry residents and child and adolescent fellows use a single application.

Grant Application Requirements

- A list of current and proposed rotation sites, noting which are county-designated PMHS settings.
- A letter of sustainability committing the sponsoring organization to support new or additional training slots when OSHPD grant ends.

Grant Application Budget: Administrative Expenses

- There is no administrative cap, nor do we define administrative expenses.
- We do ask applicants to describe administrative expenses in the application.

Questions?

Application Evaluation Criteria Annual Program Reports

Courtney Ackerman, Research Data Specialist II
Research and Evaluation Section, HWDD, OSHPD

Application Evaluation Criteria

- Addition of Child and Adolescent Psychiatry Fellowships
- Average cost per new slot (OSHPD calculated)
- Percent of rotations in the PMHS
- Percent of rotations in rural areas (OSHPD calculated)
- History of two or more years placing residents in PMHS settings
- Geography: OSHPD also intends to support a geographic distribution across California.

Annual Program Reports

- Program Reports are required in order to receive ongoing funding. These reports are due July 31 of each grant year.
- Information about the numbers of applicants and admitted residents, and those interested in serving the underserved in the PMHS.
- Use of Mental Health Services Act values and principles in training materials, and training in the PMHS.
- How OSHPD funds support specific residents or are used for the entire cohort's training.
