Area Health Education Centers	CA-AHEC,		bmitchell@fresno.ucsf.edu http://www.cal-ahec.org/	The California AHEC Program brings together community and academic interests to improve access to health care and decrease health disparities for all Californians. AHEC develops, with its partners, a population-based approach to health professions education with a special emphasis on community-based training. The AHEC Program accomplishes its mission through a network of twelve AHEC centers, each located in an underserved area and affiliated with, but separate from a health professions school.	Regional AHEC Centers	All of the AHEC centers are independent community organizations; each governed by an advisory board and strategically located throughout the state. Because of the emphasis on community-based training, the California AHEC is closely affiliated with community health centers with eight of the twelve AHEC centers sponsored by community clinic consortia or large clinic systems.
